To Give... To Bridge

ANARGYROI: FMS FOUNDATION, INC.
Annual Report 2018
**Background**

The Anargroi: FMS Foundation, Inc. (AFI) is the only Foundation for, and the Aggregator of donated funds for UST Faculty of Medicine and Surgery (USTFMS). The Development Office (DO) is established to implement its mission.

It may be several decades late; but NOW, USTFMS through AFI/DO can raise funds on her own rather than be dependent on others to support her needs maintaining academic excellence.

Being a fully independent Foundation, donors are assured financial transparency and that their contributions go directly and exclusively to benefit the USTFMS.

**Vision**

The Anargyro FMS Foundation, Inc. envisions herself as a dynamic and highly reputable organization recognized for its ethical governance of resources.

**Mission**

The Anargyro: FMS Foundation, Inc. is a vital impetus:

To promote allegiance and systematically manage resources in perpetuity to accomplish the excellence initiatives of the UST Faculty of Medicine and Surgery.

To engage in charitable undertakings in support of the delivery of distinct quality medical care in the UST Hospital.

**Goals**

To provide the FMS a mechanism to raise funds for use in identifying needs and sustain existing projects even beyond the term of office of any set of officers.

To upgrade and improve existing Faculty, administrative and student programs with particular emphasis on human development, research and scholarships.

To connect the FMS with the parents of students, alumni in the Philippines and abroad, grateful benefactors, philanthropic businessmen for a lasting relation and interaction.

To secure grants from major charitable foundations in the Philippines and abroad.
Many good ideas come from you, our Alumni. Over the years, there have been a good number of collaborations between the University of Santo Tomas and its graduates from the Faculty of Medicine and Surgery. Ideas that began in the creative minds of committed, dedicated Thomasiyan doctors who wanted to express their gratitude to their Alma Mater. In 2017, the concretization and systematization of this gratitude gave birth to the Anargyroí: FMS Foundation, Inc., an independent organization that manages donations and exclusively supports the UST FMS.

The University of Santo Tomas is in full support of this endeavor.

In our commitment to be transparent and honest, I am pleased to present the Anargyroí: FMS Foundation, Inc. Annual Report. I hope you enjoy reading this Report and that it gives you further insight into the work that we do and the progress we have made as an organization in 2018.

Furthermore, let me take this opportunity to invite you to be active participants to the grand celebration of the UST FMS Sesquicentennial in 2021. Several pivotal projects have been laid. Let us all be one in our ardent desire to propel our medical institution to a status unquestionably higher than where it is and undeniably better than what it is.

Lastly, may I appeal to you to join us in funding the development of our Alma Mater.

Ma. Lourdes Domingo-Maglingo, MD, MPHEd
Dean, UST Faculty of Medicine and Surgery
President, Anargyroí: FMS Foundation, Inc.
Executive Director’s Report

“Whatever the mind can conceive and believe, it can achieve.”
-Napoleon Hill-

Anargyro: FMS Foundation, Inc. was conceptualized from an altruistic expression of gratitude by the UST medical alumni. What started “at the blink of an eye” has now become a reality.

Launching

Last January 14, 2018, Anargyro: FMS Foundation, Inc. was formally launched in the Philippines at the Civil Law Lobby of the UST Main Building which coincided with the Homecoming activities spearheaded by the UST Medical Alumni Association. An earlier Launch was held in Vancouver, British Columbia, Canada on July 3, 2017 during the 25th Annual UST Medical Alumni Association of America (USTMAAAA) Convention.

We acknowledge the key roles played by the USTMAAAA and the UST Medical Alumni Association Foundation (USTMAAAAF) to an independent and young Foundation like AFI. The support we receive from these two Associations has been most noteworthy. The generosity of the US-Based Thomasian doctors are unparalleled.

Regent’s Scholarship Program

![Image of scholarship recipients]

The Regent Scholarship Program, the first and flagship project of AFI, commenced in the Academic Year 2017-2018 with five scholars. By Academic Year 2018-2019, three more were added. These eight scholars are enjoying full scholarship, inclusive of books, board and lodging. Our target number of scholars by 2021 is 20. Year 2021 is momentous for the Faculty as it celebrates its Sesquicentennial, making it the oldest and one of the best, if not the best, medical school in the Philippines.
General Santos City visit

On August 31, 2018, Dean Ma. Lourdes Maglines and Regent, Fr. Angel Aparicio, O.P. visited General Santos City, Mindanao, the site of the future UST General Santos. The visit proved to be very fruitful as Thomasian doctors came to meet them. This was made possible through the kindness of Dr. Aymie Bartolome, a parent of a medical student whose son brought home a solicitation letter. AFI aims to obtain scholars coming from Mindanao.

Thomasian Doctors’ Night of Recognition

147 alumni of the University of Santo Tomas Faculty of Medicine and Surgery were honored for their achievements in the fields of education, research, government service, medical societies, medical industries and in public and private health service. It aims to recognize its alumni in the entire country in grateful anticipation of 2021. The first of its kind, the event was held last September 28, 2018 at the Grand Ballroom of the Buenaventura G. Paredes, OP Building. Rev. Fr. Jesus M. Miranda, Jr. O.P. graced the event to welcome all the honorees.
